 More people need to help clean & maintain the ranges.
 more metal uprights for the pistol range please
 Mud is hard to deal with getting back into cars.
 We could use new archery targets and have a rule that requires people to alternate targets (shoot different rings) to help prevent quick wear down.
 better parking area
 back boards are usually shot up
 Pistol Range needs metal uprights
 treat shooting stations to help wetherproof wood
 More refined area for shooting.
 ditch left at the end of rifle range firing line should be filled
 Like to see improved target stands on pistol range
 It seems like so many shooters are slobs. Shooting up the wood, leaving their brass behind (I usually clean up my own brass, probably that's a bit crazy).

 The range is pleasant, but when it has been wet out, walking downrange is negotiating a swamp. A better path would be nice.
 Complete redo of the indoor range
 longer rifle range we need a 300 yard
 I would like some of the plants cut down or trimmed up around the range
 do not use
 Need better walking trail on rifle range

 I love the range but almost every time I show up on Sunday AM no one else is there.
 Unkept,, IDPA target storage is an eyesore and embarrassment to the club , trash all over the range.
 The target frames need constant attention
 Don't use much
 Need more new targets at archery range.
 More stable benches at rifle range would be nice too.
 They work but could be better, maybe a little bigger
 Sometimes hard to get a spot, increase the shooting spots
 the maintenance needs to be improved
